Tracy

My wife and I own a home in the Tanani Bay subdivision, we also own two additional lots. We are very much opposed to this Kennel. The owner has had numerous problems in our neighborhood with allowing their dogs to run unleashed and without supervision, while the rest of us keep our dogs leashed or supervised. I believe that the city may be legally liable if there was a mishap and you have granted this license over the objections of so many neighbors telling you that this would create a danger to our neighborhood.

Please reject this proposal.

Sincerely,

Bob and Mary Musseman
