Re; Jonathan Richardson Property, C-TBS0-3300
Lot 33, Tanani Bay Subdivision -Kennel Conditional Use Pr

Please rule against allowing the Richardson's to put in a kennel in our neighborhood. This is a quiet neighborhood close to the forest and tank farm. We often have bears and moose moving through and adding externally caged pets to the mix seems ill-fated. The Richardson's have a very poor record with their dogs in that they allow them to run loose with no supervision. Their dogs have "packed" and threatened several neighbors. Until they can properly care for their own dogs, they don't need to be in charge of other animals. Thanks, Karen Pospisil 1299 Lutak, Haines, AK
