Subject: FW: Citizen Request 14623 - Request by and for John Richardson for installing a boarding and breeding facility.
Date: Wednesday, June 10, 2015 11:10:29 AM

Hi, Tracy...

Here is another public comment re. the CUP. I have already responded to her to thank her for her comments and let her know they will be provided to the PC.

Julie

Subject: Citizen Request 14623 - Request by and for John Richardson for installing a boarding and breeding facility.

A new Citizen Request has been submitted to the Citizen Support Center.

Original Request	06/10/2015
Summary	Date:
Reference Number:	14623
Status:	Spam
Name:	LYNDA WALKER
Email:	lbwalker@hotmail.com
Phone:	5039101152
Source:	online
Assigned To:	xcui
Assigned Group:	Planning and Zoning
Topic	Request by and for John Richardson for installing a boarding and breeding facility.
Request Details:	<p>I am a property owned on Otter St., in the Tanani Bay Subdivision. It has come to my attention that a neighbor, John Richardson, is requesting a permit to erect a Boarding and Breeding facility within that subdivision. The area is residential, it is peaceful and quiet, with neighbors who are considerate. They all built there for that experience, myself included. I request consideration be given to the Noise and Odors that will ensue if this permit is issued. The property values, along with quality of life, in that area will be severely altered. It is, also, very near a nice creek, that is enjoyed by wildlife. I have observed otters and their young in that creek, plus lots of birds that call that creek home. The run off from the Dog facility into that creek will not be</p>

beneficial. Please deny this permit. Lynda Walker
Comment: Citizen request/question created.
